

City of Boulder Construction Waste Recycling Application

Required for all new construction projects.

PURPOSE: The City of Boulder is working towards establishing a zero waste community. The following requirements align with the 2020 City of Boulder Energy Conservation Code which promotes the reuse and recycling of building materials through construction and demolition management to limit the amount of materials sent to landfills.

100% of all clean wood, metal and cardboard waste generated as part of this construction project must be recycled, reused and/or donated.

Applicant's Name:	Date:
Project Address:	Phone:

PROJECT DESCRIPTION: Please list all exterior alterations proposed for the property below.

Permit #:	Year Built:
General Contractor:	Phone:
	Email:
Property Owner:	Phone:
	Email:
Building Type: <input type="checkbox"/> Single-Unit <input type="checkbox"/> Multi-Unit <input type="checkbox"/> Townhome <input type="checkbox"/> Commercial Property <input type="checkbox"/>	
Accessory Structure: Y/N _____	<input type="checkbox"/> Detached <input type="checkbox"/> Attached
Total Structure: _____ sq. ft.	Deconstruction: _____ sq. ft.
Remaining: _____ sq. ft.	
Does the work area exceed 50% of the building area? Y/N _____	
Project Description:	

Construction Waste Recycling Manager: Manages the job site construction waste recycling.

Note: Self-management is acceptable.

Waste Recycling Manager:	Name:
Email:	Phone:

Note: You must save your weight tickets for trash and receipts for recycling and/or donation of the clean wood, metal and cardboard. They are required to be submitted with a completed Construction & Demolition Waste Diversion Tracking spreadsheet at project completion.

CONSTRUCTION PLAN AGREEMENT:

I agree to submit a final report within 30 days after completion of the project. The final report must verify the proper disposal of 100% of clean wood, metal and cardboard waste generated as part of this project. I agree to complete the Construction & Demolition Waste Diversion Tracking spreadsheet and include all hauler receipts, weight tickets and facility sign-offs/invoices. I will upload and/or email these items and place them in the permit sleeve prior to final inspection.

Estimated Date of Completion: _____

Submitted by (Signature): _____ **Date:** _____

Printed Name: _____ **Title:** _____

If 100% of the required materials will not be recycled and/or donated, provide justification why the project cannot meet the diversion requirement.
